**MODERN EDUCATION SOCIETY'S  
NOWROSJEE WADIA COLLEGE**

**Admission to M. Sc. (PETROLEUM TECHNOLOGY) Part - I  
FOR THE YEAR 2021 – 2022**

M. Sc. (Petroleum Technology) is a non-aided course, affiliated to Savitribai Phule Pune University (SPPU). It is two-year four-Semester full-time post-graduate course equivalent to M.Sc. Geology.

The Department of Geology of Nowrosjee Wadia College, Pune, launched a Post-Graduate Diploma course in Petroleum Technology in the year 1987, which in 1989, expanded to a two year post-graduate course. This was done with a vision to be a Primer institution providing quality education to cater to the growing demand of the petroleum industry for well trained and qualified staff for both, field & Laboratory operations.

The Department of Geology of Nowrosjee Wadia College, envisaged this need for specialized geology –based knowledge in this field and launched an interdisciplinary course in Petroleum Technology in the year 1987. The initial success of the course, coupled with interaction with different companies in the Petroleum Industry encouraged us to expand the course in 1989 to a two year Post-graduate Degree course in Petroleum Technology. Since then we have had thirty batches graduating successfully. The Degree awarded is M.Sc.(Applied) Petroleum Technology and is affiliated to the Savitribai Phule Pune University. The blend of Technology with Geology is the essence of this course.

The overwhelming response to the course and the successful placement of our students in oil companies and petroleum service companies around the world has made this course invaluable. This course is recognized by UGC and ONGC for employment of the students in Government organizations as well.

Along with academics, the Department focuses on the overall development of students in the form of various industry academia interactions and intercollegiate activities conducted under the Society of Petroleum Engineers. The department has an SPE recognized chapter which received Global Excellence award for the year 2021 for exceptional performance during the previous academic year.

The admission process for first year of M. Sc. ( Petroleum Technology) will start immediately after the declaration of the results of T. Y. B. Sc.(Geology). The entire admission process will be done online. The students who have passed B. Sc.(Geology) or equivalent course are eligible for admissions. The admissions will be done according to merit list prepared on the basis of principal total (that is marks obtained in Geology subjects only in S. Y. B. Sc.(Geology) and marks in T. Y. B. Sc. (Geology), out of 1200. The admissions will be done by following all rules and regulations laid down by SPPU and Government of Maharashtra.

There is a separate quota for candidates from Universities, other than SPPU. Their merit list will be prepared separately.

The detailed admission procedure will be notified in due course of time on the College website. [www.nowrosjeewadiacollege.edu.in](http://www.nowrosjeewadiacollege.edu.in) and also on the departmental website [petrotechwadia.com](http://petrotechwadia.com)  
The candidates shall visit the departmental website for more details and contact information.
